[Company's Name]

[Company's Address]

[City, ST ZIP Code]

Dear [Employer's Name],

I am writing to express my interest in the internship position for Electrical Engineering at [Company's Name], as advertised on [Job Board/Company Website]. I am currently pursuing my Bachelor's degree in Electrical Engineering at [Your University], with a strong focus on microelectronics.

My passion for microelectronics was ignited during my coursework and hands-on projects, where I developed skills in circuit design and semiconductor device fabrication. I am particularly impressed with [Company's Name]'s innovative work in [specific project or technology], and I am eager to contribute my knowledge and enthusiasm towards your team.

Throughout my academic career, I have gained practical experience through internships and lab work, where I honed my technical skills and developed a strong analytical mindset. I thrive in collaborative environments and am excited about the opportunity to work alongside industry professionals to further enhance my understanding of microelectronics.

Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to your team at [Company's Name]. Please feel free to contact me at your convenience.

Sincerely,

John Doe
