[Employer's Name]

[Company's Name]

[Company's Address]

[City, State, ZIP]

Dear [Employer's Name],

I am writing to express my interest in the Electrical Engineering internship position at [Company's Name] as advertised on [where you found the listing]. I am currently pursuing my Bachelor's degree in Electrical Engineering at [Your University] and have developed a strong foundation in both electrical systems and software development.

Through my coursework and personal projects, I have gained proficiency in programming languages including Python and C++, which I have applied in various projects involving automation and system simulations. For instance, in my recent project, I developed a software tool that simulates electrical circuits, allowing users to visualize circuit behavior and perform analysis, which greatly enhanced my understanding of the practical applications of electrical engineering principles.

I am particularly impressed by [Company's Name]'s commitment to innovation and sustainability in the field of electrical engineering. I am eager to contribute my skills in software development and my passion for engineering to your team while also gaining invaluable industry experience.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to [Company's Name] during an interview.

Sincerely,

John Doe
