Dear [Recipient's Name],

I am writing to express my interest in the Environmental Biotechnology internship position at [Company Name] as advertised on [where you found the internship listing]. With a strong academic background in environmental sciences and a passion for sustainable technologies, I am eager to contribute to your team while gaining hands-on experience in the field.

I am currently pursuing a [Your Degree] from [Your University], where I have developed a solid understanding of biotechnological processes relevant to environmental applications. My coursework has equipped me with the skills necessary to understand microbial processes, waste management technologies, and environmental restoration techniques.

During my recent project on [briefly describe a relevant project or experience], I successfully [mention what you did and the results]. This experience honed my analytical skills and my ability to work collaboratively in a lab setting.

I am particularly drawn to [Company Name] because of [mention something specific about the company or its projects that interests you]. I am excited about the possibility of contributing to your innovative solutions in environmental biotechnology and furthering my skills in this impactful field.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your team at [Company Name]. I am available for an interview at your earliest convenience and can be reached at [Your Phone Number] or [Your Email].

Sincerely,

[Your Name]
