Dr. Jane Smith
Clinical Psychology Department
XYZ University
456 University Ave.
Anytown, USA 12345

Dear Dr. Smith,

I am writing to express my interest in the internship position within the Clinical Psychology Department at XYZ University for the upcoming semester. As a junior majoring in Psychology, I have developed a strong foundation in psychological theories and practices, particularly in clinical settings.

During my studies, I have actively engaged in coursework that emphasizes clinical assessment and therapeutic techniques. I also completed a volunteer position at ABC Mental Health Center, where I assisted licensed psychologists in conducting intake assessments and supporting patients during therapy sessions. This experience has deepened my understanding of mental health issues and strengthened my desire to pursue a career in clinical psychology.

I am particularly drawn to this internship at XYZ University because of its commitment to innovative research and dedication to community mental health services. I believe that being part of your team will enhance my clinical skills and provide me with valuable exposure to real-world practices.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and passions align with the goals of your program. I am excited about the possibility of contributing to your team and learning from the esteemed professionals in your department.

Sincerely,
John Doe
