Dear [Hiring Manager's Name],

I am writing to express my interest in the computer engineering internship position at [Company's Name], as advertised on [where you found the job posting]. I am currently a [Your Year, e.g., sophomore] at [Your University] pursuing a degree in Computer Engineering. My academic background, combined with my hands-on experience in software and hardware development, makes me a strong candidate for this role.

During my studies, I have gained proficiency in various programming languages, including C++, Java, and Python. Additionally, I have completed projects that involved designing and implementing embedded systems and developing user-friendly applications. My recent project on [Brief Description of a Relevant Project] allowed me to apply my technical skills and work collaboratively within a team.

I am particularly impressed by [Company's Name] commitment to [something notable about the company, e.g., innovation, community service, etc.]. I am eager to contribute to your team and learn from the esteemed professionals at your organization while furthering my knowledge in computer engineering.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and interests align with the goals of [Company's Name]. I am excited about the possibility of contributing to your team and gaining valuable experience during my internship.

Sincerely,

[Your Name]
