Dear Hiring Manager,

I am writing to express my interest in the Chemical Engineering Internship position at [Company Name], as advertised on [where you found the job posting]. I recently graduated with a Bachelor of Science in Chemical Engineering from [Your University] and am eager to apply my knowledge and skills in a practical setting.

During my time at university, I successfully completed coursework in thermodynamics, fluid dynamics, and process design, which provided me with a solid foundation in chemical engineering principles. Additionally, I participated in a senior design project where my team and I developed a sustainable process for the extraction of biofuels, which enhanced my problem-solving and teamwork abilities.

I am particularly drawn to [Company Name] because of [specific reason related to the company or its projects], and I am enthusiastic about the opportunity to contribute to your team. I am a quick learner, detail-oriented, and passionate about optimizing processes to improve efficiency and sustainability.

I would welcome the opportunity to discuss how my background, skills, and enthusiasm can contribute to the exciting challenges at [Company Name]. Thank you for considering my application. I look forward to the possibility of discussing this internship position with you.

Sincerely,  
Your Name
