Hiring Manager

ABC Software Solutions

456 Elm Street

Othertown, USA 67890

Dear Hiring Manager,

I am writing to express my interest in the Internship position in Software Testing and Quality Assurance at ABC Software Solutions, as advertised on your company's careers page. I am currently pursuing a degree in Computer Science at Anytown University, and I am eager to apply my academic knowledge in a practical environment.

During my coursework, I have gained a foundational understanding of software development processes, testing methodologies, and quality assurance principles. I have been involved in several group projects where I was responsible for creating test plans, executing test cases, and reporting defects.

I am particularly drawn to this internship opportunity because of ABC Software Solutions' commitment to delivering high-quality software products. I am excited about the possibility of contributing to your team and learning from your experienced professionals.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and passions align with the goals of ABC Software Solutions.

Sincerely,

Jane Doe
