Dear [Hiring Manager's Name],

I am writing to express my interest in the QA Engineering Internship position at [Company Name] as advertised on [where you found the job listing]. I am currently a [Your Degree] student at [Your University] and have a strong passion for quality assurance and software testing.

Through my coursework and personal projects, I have gained knowledge in various testing methodologies, including manual testing, automated testing, and performance testing. I am familiar with tools such as [specific tools or software relevant to QA], and I have a solid understanding of the software development lifecycle.

I am particularly impressed by [something specific about the company or its projects], and I am eager to contribute my skills and enthusiasm to your team. I am confident that my strong analytical abilities, attention to detail, and dedication to improving software quality would make me a valuable intern at [Company Name].

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your team. Please find my resume attached for more details about my qualifications.

Sincerely,

[Your Name]
