Hiring Manager

XYZ Company

456 Company Lane

City, State, Zip Code

Dear Hiring Manager,

I am writing to express my interest in the Software Testing Internship position at XYZ Company as advertised on your careers page. I am currently pursuing a Bachelor's degree in Computer Science at ABC University and I am eager to apply my knowledge and skills in a practical setting.

Throughout my academic career, I have gained a solid foundation in software development and testing methodologies. I have experience working on various projects that required me to develop test plans, execute test cases, and report results. I am particularly adept at using tools like Selenium and JIRA, which I believe would be valuable in contributing to your team.

I am impressed by XYZ Company's commitment to quality and innovation, and I am excited about the opportunity to learn from your experienced team. I am confident that my attention to detail and passion for software testing will make me a strong candidate for this internship.

Thank you for considering my application. I look forward to the opportunity to discuss my suitability for the Software Testing Internship further.

Sincerely,

John Doe
