Dear [Hiring Manager's Name],

I am writing to express my interest in the Marine Engineering Internship at [Company Name] as advertised on [where you found the internship]. I am currently pursuing a degree in Marine Engineering at [Your University] and am eager to gain practical experience in the field.

During my academic career, I have undertaken several technical projects that align well with the requirements of this internship. One of my most significant projects was the design and simulation of a small-scale autonomous underwater vehicle (AUV). This project allowed me to apply my knowledge of hydrodynamics and vehicle systems, enhancing my understanding of buoyancy and propulsion mechanisms.

Additionally, I participated in a team project where we developed a renewable energy system for marine applications, focusing on wave energy conversion. My role involved conducting feasibility studies and collaborating with team members to create a prototype, which further solidified my project management and teamwork skills.

I am particularly drawn to [Company Name] because of your commitment to innovation and sustainability in marine engineering. I am excited about the opportunity to contribute my skills while gaining valuable insights from your team.

Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to [Company Name] and learn from your esteemed team.

Sincerely,
[Your Name]
