Dear Hiring Manager,

I am writing to express my interest in the Actuarial Internship position at XYZ Insurance Company as advertised on your careers page. I am currently a junior at ABC University pursuing a Bachelor's degree in Actuarial Science, and I believe my academic background and passion for data analysis make me a suitable candidate for this internship.

During my studies, I have developed strong analytical and problem-solving skills, complemented by coursework in probability, statistics, and financial mathematics. I am proficient in programming languages such as R and Python, which I have used for various projects, including modeling risk and analyzing large datasets.

I am particularly drawn to XYZ Insurance Company due to its commitment to innovation and excellence in the actuarial field. I am eager to contribute to your team and gain hands-on experience in a professional environment.

Thank you for considering my application. I have attached my resume for your review. I look forward to the opportunity to discuss my candidacy further.

Sincerely,  
Jane Doe
