

Dear Residents,

As we approach the rainy season, it is crucial to prepare for potential flooding in our area. We want to ensure that all residents are informed and equipped to stay safe during such events.

Flood Safety Tips:

- Stay informed about local weather alerts and warnings.
- Know the evacuation routes and local shelter locations.
- Prepare an emergency kit with essentials such as food, water, medications, and important documents.
- Do not walk or drive through flooded areas.
- Elevate electrical appliances and utilities above potential flood levels.

Emergency Contacts:

Please keep the following numbers handy:

- Local Emergency Services: 911
- Non-Emergency Police: (Your number here)
- Emergency Management Office: (Your number here)

We encourage all residents to take these precautions seriously. For additional information or assistance, feel free to reach out to the management office.

Stay safe,

The Management Team
