Indoor Climate Settings for Your Rental Property

Dear [Tenant's Name],

We hope this message finds you well. To ensure a comfortable living environment in your rental property, please adhere to the following indoor climate settings:

Heating Settings:

- During the winter months, please maintain the thermostat at a temperature range of 68degF to 72degF (20degC to 22degC).
- Ensure that windows are closed when the heating is in use to prevent loss of warmth.

Cooling Settings:

- In the summer, kindly keep the thermostat set between 74degF to 78degF (23degC to 26degC).
- Turn off the air conditioning when doors or windows are open.

Humidity Control:

- Maintain indoor humidity levels between 30% and 50% for comfort and health.
- Use a dehumidifier in damp areas, such as basements.

If you have any questions or concerns, please feel free to reach out. Thank you for helping us maintain a comfortable indoor climate!

Sincerely,

[Your Name]
