

Tenant Suggestion for Side Entrance Safety

Dear [Landlord/Property Manager's Name],

I hope this message finds you well. As a resident at [Your Address or Apartment Number], I wanted to bring to your attention a concern regarding the safety of the side entrance to our building.

Over the past few weeks, I have noticed that the lighting around the side entrance is inadequate, making it difficult to see clearly during the evening hours. I believe that improving the lighting in this area could significantly enhance the safety and security for all tenants.

Additionally, installing a security camera or a motion sensor light may deter any potential trespassers and make residents feel more secure when entering and exiting the building.

Thank you for considering this suggestion. I appreciate your attention to the safety and well-being of all tenants. Please let me know if you would like to discuss this further.

Sincerely,

[Your Full Name]
