Subject: Procurement Strategy Emphasizing Diversity and Inclusion

Dear [Recipient's Name],

As we advance in our mission to foster a more inclusive economy, I am excited to present our procurement strategy that prioritizes diversity at every level. This initiative aims to enhance our supplier base by integrating diverse businesses that reflect our commitment to equity and inclusivity.

Our strategic goals include:

- Increasing engagement with minority-owned, women-owned, and other diverse suppliers.
- Providing training and resources to support these suppliers in navigating our procurement processes.
- Establishing measurable targets to track our progress in supplier diversity.

By implementing this strategy, we not only aim to enrich our supply chain but also to contribute positively to the communities we serve. I invite you to review this strategy and provide your feedback by [Insert Feedback Date]. Together, we can make a meaningful impact.

Thank you for your continued support.

Sincerely,

[Your Name]
