What I Liked:

- The tutors were knowledgeable and approachable, making the sessions enjoyable.
- The resources provided were useful and relevant to my studies.
- I appreciated the one-on-one attention I received, which helped clarify my doubts.

Suggestions for Improvement:

- It would be helpful to have more sessions offered during peak study times.
- Incorporating group study sessions could foster collaboration among students.

Thank you for the opportunity to participate in this valuable program. I look forward to seeing continued improvements and innovations in the library's offerings.

Sincerely,
