

Library Quiet Zone Policy

Dear Valued Patron,

We are committed to providing a peaceful and conducive environment for all our library users. To maintain this atmosphere, we have established the following Quiet Zone Policy:

- Talking is permitted only in designated areas.
- Use of electronic devices should be kept to a minimum, and headphones are required.
- Food and beverages are allowed but should be consumed quietly.
- Please silence your mobile devices upon entering the quiet zone.
- Respect your fellow patrons by minimizing noise during your visit.

We appreciate your cooperation in ensuring that our library remains a peaceful place for all patrons. Failure to adhere to these guidelines may result in a request to leave the Quiet Zone.

Thank you for your understanding.

Sincerely,
The Library Management
