

# Dear Church Family,

We hope this message finds you well. We are excited to share some updates regarding our ongoing stewardship projects and the impact they have on our community.

## Project Updates

- **Community Garden:** The garden is thriving, and we have successfully harvested our first batch of vegetables, which will be donated to local families in need.
- **Building Renovation:** Progress is underway on the renovation of our fellowship hall. We anticipate completion by the end of next month, which will allow us to host more community events.
- **Youth Outreach Program:** The program has seen a great increase in participation, with over 20 new members joining this month. We are excited about the positive changes it has brought to our youth.

## How You Can Help

If you would like to get involved, please consider volunteering your time or making a donation. Every little bit helps us continue our mission and reach more individuals in our community.

## Thank You!

Thank you for your continuous support and prayers. Together, we are making a difference!

In Christ,  
The Stewardship Committee
