Dear [Neighbor's Name],

I hope this message finds you well. I am writing to discuss an ongoing issue concerning noise disturbances that I have been experiencing from your property.

Despite my efforts to address this matter informally, the noise levels have continued to affect my daily life and peace in my home. I value our community and believe it is important to maintain a respectful and peaceful living environment for everyone.

To resolve this issue amicably, I would like to propose mediation. Bringing in a neutral third party could help facilitate a constructive conversation that benefits both of us.

I appreciate your understanding, and I look forward to your response regarding this matter.

Thank you for your attention.

Sincerely,

[Your Name]
