Dear [Builder's Name],

I am writing to formally express my concerns regarding several safety issues I have observed at my property, located at [Your Address]. While I greatly appreciate the efforts made during the construction of my home, I have noted specific safety concerns that need to be addressed immediately.

Firstly, [describe the first safety concern, e.g., "the stair railing is loose and poses a serious risk of injury."]. Secondly, [describe the second concern, e.g., "there are exposed electrical wires in the garage which could lead to dangerous accidents."]. Lastly, [add any additional concerns as necessary].

Thank you for your attention to this important matter. I look forward to your prompt response.

Sincerely,  
[Your Name]
