Dear [Recipient Name],

I am writing to express my concern regarding the use of harmful cleaning products in your [establishment/facility]. As a frequent visitor and member of the community, I believe it is crucial to prioritize health and safety.

Many of the cleaning products currently in use contain toxic chemicals that can pose serious health risks, not only to employees but also to customers and vulnerable populations, such as children and individuals with respiratory issues.

I urge you to consider switching to eco-friendly alternatives that are safer for everyone while still maintaining a clean and sanitary environment. Many companies now offer effective cleaning solutions that are both environmentally friendly and non-toxic.

Thank you for your attention to this important matter. I look forward to your prompt response and hope to see positive changes in your cleaning practices.

Sincerely,

[Your Name]
