Dear [Recipient's Name],

I hope this message finds you well. I am writing to request the establishment of a household recycling waste collection service for my residence at [Your Address]. As a responsible community member, I am committed to contributing to environmental conservation and sustainable waste management.

The current lack of accessible recycling services in our neighborhood has made it challenging to dispose of recyclable materials properly. I believe that implementing a collection service would greatly benefit not only my household but also the community as a whole by promoting recycling practices.

I would appreciate any information regarding the possibility of initiating this service, including guidelines, schedules, and any fees involved. Thank you for considering my request. I look forward to your prompt response.

Warm regards,

[Your Name]
