[Funding Organization Address]

[City, State, Zip Code]

Dear [Recipient Name],

I am writing to seek funding for our After-School STEM Initiatives at [Your Organization]. This program aims to inspire and engage students in grades [specify grades] through hands-on learning experiences in science, technology, engineering, and mathematics.

With the increasing importance of STEM education in today's job market, our initiative will provide students opportunities to explore these fields in a fun and interactive environment. We have successfully engaged [number] of students in our previous sessions and have seen a significant increase in their interest and aptitude in these subjects.

To sustain and expand our program, we are requesting a grant of [specific amount] to cover the costs of materials, technology resources, and qualified instructors. Your support can make a crucial difference in the lives of many students in our community.

Thank you for considering our proposal. We are excited about the possibility of partnering with [Funding Organization] to enhance STEM education and provide enriching experiences to our youth. I look forward to the opportunity to discuss this initiative further.

Sincerely,

[Your Name]
