

Community Center Fundraising Update

Dear Community Members,

We are excited to share the latest updates on our fundraising efforts for the new community center. Thanks to your generous contributions and support, we have successfully raised **\$50,000** towards our goal of **\$100,000**.

Our recent fundraising events, including the bake sale and community garage sale, have been particularly successful. We want to extend our heartfelt gratitude to everyone who volunteered their time and effort to make these events happen.

Looking ahead, we have planned several more events, including a charity run and a silent auction. We encourage everyone to participate and continue supporting this important project.

Thank you once again for your continued support. Together, we can build a thriving community center that benefits us all!

Sincerely,
The Fundraising Committee
