Dear Sir/Madam,

Subject: Request for Recalculation of Interest on Credit Card Statement

I hope this letter finds you well. I am writing to formally request a recalculation of the interest applied to my credit card account ([Insert Account Number]). After reviewing my recent statements, I believe there may have been an error in the interest rate applied during the specified billing cycles.

Particularly, I would like to draw your attention to the following charges:

- Statement Date: [Insert Date] - Interest Charged: [\$ Amount]
- Statement Date: [Insert Date] - Interest Charged: [\$ Amount]
- Statement Date: [Insert Date] - Interest Charged: [\$ Amount]

I would appreciate it if you could provide me with a detailed breakdown of how the interest was calculated, as well as any related documentation that could assist in clarifying this issue.

Thank you for your prompt attention to this matter. I look forward to your response.

Sincerely,
[Your Name]
