

Summer Property Upkeep Advice

Dear Residents,

As we welcome the warm summer months, we want to provide you with some essential tips to maintain your property and ensure a pleasant living environment.

1. Lawn Care

Regularly mow your lawn to keep it healthy and neat. Consider watering early in the morning or late in the evening to prevent evaporation.

2. Pest Control

Check for any signs of pests around your property. Keep outdoor areas free from debris and standing water to discourage infestations.

3. Exterior Maintenance

Inspect the exterior of your home for any peeling paint or damaged siding. Touch up as needed to protect against moisture damage.

4. Pool Care

If you have a pool, remember to maintain proper chemical levels and clean the pool regularly for safe enjoyment.

5. Garden Maintenance

Keep your garden thriving by regularly watering, weeding, and pruning your plants. Consider planting drought-resistant plants to conserve water.

We appreciate your cooperation in keeping our community beautiful. Should you have any questions or need assistance, please feel free to reach out.

Warm regards,

Your Property Management Team
