

Communal Laundry Behavior Expectations

Dear Residents,

As we share our communal laundry facilities, it's important to adhere to certain guidelines to ensure a clean and pleasant environment for everyone. Please review the following behavior expectations:

- Always clean the lint filter before and after use.
- Remove your laundry promptly after the cycle ends.
- Be mindful of other residents' time; do not overload machines.
- Report any malfunctions to the management immediately.
- Keep the laundry area tidy; dispose of any trash properly.
- Please limit your laundry to a reasonable number of loads during peak hours.

By following these expectations, we can maintain a respectful and efficient laundry space for all residents. Thank you for your cooperation!

Sincerely,
[Your Management Team]
