Dear [Recipient Name],

I am writing to formally request an upgrade to the central heating system in my property located at [property address]. The current system is outdated and inefficient, leading to inconsistent heating and higher energy costs.

Upgrading to a modern heating system would greatly enhance comfort in my home and improve energy efficiency. I believe this upgrade can also contribute to reduced environmental impact.

I would appreciate your consideration of this request and would be happy to discuss potential options at your earliest convenience. Thank you for your attention to this matter.

Sincerely,

[Your Name]
