

Retirement Planning Dual Citizenship Letter

Date: _____

To Whom It May Concern,

I am writing to officially express my interest in obtaining dual citizenship in light of my upcoming retirement plans. As I approach this significant life transition, I believe that having dual citizenship will provide me with greater flexibility and security in managing my retirement assets and lifestyle.

My current citizenship is with [Country A], and I am seeking to obtain citizenship in [Country B]. My intention is to retire in [desired location] in [Country B], where I have established connections and a supportive community.

The benefits of dual citizenship will enable me to access healthcare, pensions, and financial services in both countries. I am committed to fulfilling all necessary requirements and responsibilities associated with this process.

Thank you for considering my application for dual citizenship. I look forward to your guidance on the next steps in this journey.

Sincerely,
