Dear [Recipient Name],

I am reaching out to propose a partnership between [Your Organization] and [Recipient Organization] aimed at enhancing patient health education through a series of seminars. In light of the growing need for informed health choices, our goal is to empower patients and their families with essential knowledge and resources.

Through our collaboration, we can leverage our strengths to reach a wider audience, offering engaging and informative sessions on topics such as chronic disease management, nutrition, mental health, and preventive care.

We envision hosting these seminars at [proposed locations], and we are eager to discuss potential dates and formats that could work best for both organizations.

We would love the opportunity to meet with you to explore this partnership further. Please let us know your availability for a meeting in the upcoming weeks. Thank you for considering this collaboration, and we look forward to the possibility of working together to improve patient health education.

Sincerely,

[Your Name]
