Subject: Feedback for Refining Health Literacy Training Workshops

Dear [Recipient's Name],

Thank you for the opportunity to participate in the recent health literacy training workshop. I appreciate the effort and commitment put forth by the team to enhance our understanding and skills in health literacy.

Workshop Content

The topics covered were highly relevant and informative. However, I believe including more interactive elements could further engage participants and reinforce learning.

Delivery Methods

The delivery of the content was clear, but some sections felt rushed. Allowing more time for discussion and questions would greatly benefit the participants.

Materials Provided

The handouts were valuable, but providing digital copies post-workshop would be beneficial for those who wish to revisit the materials.

Overall Experience

Overall, the workshop was a success, and I feel better equipped to apply the knowledge gained. I look forward to future sessions that incorporate this feedback.

Thank you once again for a wonderful learning experience.

Sincerely,

[Your Name]
