Dear [Recipient's Name],

I hope this message finds you well. I am writing to provide feedback regarding the recent discussions and developments concerning international taxation matters that we have been addressing.

Firstly, I would like to commend the efforts made by your team in clarifying complex issues surrounding transfer pricing and cross-border taxation. The presentation on the OECD guidelines was particularly insightful and enabled a better understanding among stakeholders.

However, I believe there are additional areas that require further attention. Specifically, the implications of recent policy changes on digital services tax could benefit from a more in-depth analysis. It would be beneficial to engage in collaborative workshops aimed at addressing concerns from various perspectives.

Thank you for considering this feedback. I look forward to further discussions on how we can enhance our cooperative efforts in this crucial area.

Sincerely,
