Dear [Recipient Name],

I am writing to propose the integration of physical therapy services into our existing programs at [Your Organization]. This initiative aims to enhance the overall well-being of our clients and improve outcomes through a comprehensive approach to health care.

With the growing need for holistic health solutions, we believe that adding physical therapy services will provide our clients with greater access to essential care, promoting faster recovery and better management of physical conditions.

Our proposed integration plan includes:

- Assessment of client needs and physical conditions.
- Development of individualized physical therapy plans.
- Regular collaboration between physical therapists and our current team.

- Monitoring and evaluation of progress to ensure effectiveness.

We are currently seeking funding and resources to initiate this program, and I would welcome the opportunity to discuss this proposal further. I am confident that this integration will not only enhance our services but also significantly improve the quality of life for those we serve.

Thank you for considering this proposal. I look forward to your response.

Sincerely,

[Your Name]
