

Digital Citizenship Expectations for Our School Community

Dear [School Community/Parents/Students],

As we embrace the digital age, it is imperative that we foster a safe and respectful online environment. The following digital citizenship expectations are designed to guide our school community in responsible technology use:

- **Respect Privacy:** Always protect personal information and respect others' privacy online.
- **Practice Respect:** Communicate thoughtfully and kindly, avoiding any form of cyberbullying.
- **Be Responsible:** Use technology for educational purposes and adhere to school policies regarding device usage.
- **Think Critically:** Evaluate online information carefully and develop skills to spot misinformation.
- **Stay Safe:** Be aware of online risks and know how to report inappropriate behavior.

Together, we can create a positive digital culture within our school. Thank you for your support in championing digital citizenship.

Sincerely,
[Your Name]
