

Digital Citizenship Course Overview

Dear Parents and Guardians,

We are excited to introduce our Digital Citizenship course for the upcoming academic year at [School Name]. This program aims to equip students with essential skills and knowledge to navigate the digital world responsibly and safely.

Course Objectives

- Understanding online safety and security.
- Developing critical thinking skills for evaluating information.
- Cultivating a positive digital footprint.
- Exploring ethical use of technology and respect for intellectual property.

Course Structure

The course will be divided into several units, including:

- Introduction to Digital Citizenship
- Cyberbullying Awareness
- Privacy and Online Security
- Responsible Social Media Use
- Digital Communication and Etiquette

Assessment and Evaluation

Students will be assessed through various methods, including:

- Class participation and discussions.
- Interactive projects and presentations.
- Quizzes and reflections.

We believe that teaching students about digital citizenship is crucial in today's technology-driven society, and we look forward to your support in this initiative.
