[Date]

To Whom It May Concern,

I am writing to formally request a humanitarian visa for my [son/daughter], [Child's Name], born on [Child's Date of Birth], under the circumstances concerning child welfare. Due to [briefly outline reasons, e.g., conflict, persecution, health issues], it has become imperative for us to seek refuge in [Destination Country].

The well-being and safety of my child are my utmost priorities, and I believe that granting us this visa will ensure [Child's Name] can grow up in an environment free from danger and fear. [Include any supporting details, such as medical needs, psychological impact, etc.].

I am prepared to provide any necessary documentation or information to support this request, including [list any documents such as medical records, school records, etc.]. Thank you for considering our application.

Sincerely,

[Your Name]
