Subject: Visa Application for Medical Treatment

To Whom It May Concern,

We are writing to request a visa for our child, [Child's Full Name], aged [Child's Age], who requires urgent medical treatment in [Destination Country].

[Child's Full Name] has been diagnosed with [Medical Condition], and after consultations with [Doctor's Name or Medical Facility], it has been advised that specialized treatment only available in [Destination Country] is necessary for their recovery.

We are scheduled to arrive in [Destination Country] on [Arrival Date] and expect to undergo treatment at [Hospital/Medical Institution Name]. The treatment is expected to last approximately [Duration of Treatment]. We assure you that all necessary arrangements for medical care and our stay have been made.

Enclosed with this letter are the medical reports, appointment confirmation from [Hospital/Medical Institution Name], and any required documents for the visa application.

We kindly request your assistance in expediting the visa process for the sake of our child's health. We appreciate your understanding and support in this matter.

Thank you for your attention to this urgent request. We look forward to your prompt response.

Sincerely,

[Parent/Guardian's Full Name]
