Dear [Recipient Name],

I am writing to formally request an amendment to the current rate structure related to our energy efficiency initiatives. As we continually strive to enhance our energy conservation programs, it has become evident that adjustments to the pricing model are necessary to effectively promote sustainability among our consumers.

The proposed amendment aims to incentivize energy-efficient usage through tiered rate structures, which would reward customers who adopt energy-saving practices and technologies. We believe that implementing this revised structure will not only advance our energy efficiency goals but also align with our commitment to environmental stewardship.

We are eager to discuss this proposal further and explore potential pathways for implementation. Please let us know a suitable time for a meeting or any additional documentation you may require for your review.

Thank you for considering this request. We look forward to your positive response.

Sincerely,
[Your Name]
