

Questions for Cosmetic Surgery Consultation

Dear [Surgeon's Name],

I hope this message finds you well. As I prepare for our upcoming consultation regarding cosmetic surgery, I have a few questions I would like to clarify:

1. What specific procedures do you recommend for my desired outcomes?
2. What is the expected recovery time for these procedures?
3. Can you provide details about the risks and potential complications?
4. What type of anesthesia will be used during the procedure?
5. How much experience do you have with these types of surgeries?
6. What are your patients' typical results after surgery?
7. Will there be any follow-up appointments required after the surgery?
8. What are the total costs involved, including pre-operative and post-operative care?

Thank you for your time and I look forward to our consultation.

Sincerely,

[Your Name]
