Referral Reason

I am referring Mr. Mark Johnson for specialized cardiology evaluation due to persistent chest pain and abnormal ECG findings. He has a history of hypertension and high cholesterol.

Medical History and Findings

Mr. Johnson has been under my care for the past two years. Recent tests indicate a need for further cardiac assessment. His current medications include:

- Lisinopril 10 mg daily
- Atorvastatin 20 mg daily
- Aspirin 81 mg daily

Additional Notes

Please find enclosed his latest lab results and ECG report. Kindly keep me updated on his progress.

Thank You

Sincerely,

Dr. John Smith
