Dear [Loan Officer's Name or "Customer Service Manager"],

I hope this message finds you well. I am writing to formally request a review and potential adjustment of the interest rate on my current loan account, [Account Number], in light of the recent economic changes affecting consumer markets.

As you may be aware, interest rates have significantly decreased in the past months, largely due to [mention specific economic changes, e.g., "the Federal Reserve's policy decisions" or "the current economic downturn"]. Given these conditions, I believe it is reasonable to revisit the interest rate applicable to my loan.

Lowering my interest rate would not only alleviate some financial burden during these uncertain times but would also allow me to fulfill my financial obligations more effectively. I have been a loyal customer of [Bank Name] for [number] years and consistently made my payments on time.

I appreciate your attention to this matter and hope you will consider my request. I am open to discussing this further and providing any necessary information that may assist in your decision-making process.

Thank you for your understanding and support.

Sincerely,

[Your Name]
