Feature Suggestion: Community Polls

I believe that incorporating a polls feature could empower influencers to connect more deeply with their audiences. This tool would allow influencers to gather opinions, preferences, and feedback on various topics, fostering a sense of community and inclusivity.

Benefits:

- Increased interaction between influencers and their audience.
- Better understanding of audience preferences and trends.
- Enhanced content strategy based on real-time feedback.

Thank you for considering this suggestion. I look forward to hearing your thoughts on the matter.

Best regards,
