Subject: Proposal for Enhanced Cybersecurity Governance and Oversight

Dear [Recipient's Name],

I am writing to propose a comprehensive framework for improving our cybersecurity governance and oversight. In light of increasing cyber threats and regulatory requirements, it is essential that we bolster our current practices to ensure the security and resilience of our organizational assets.

Proposed Framework

1. Establish a Cybersecurity Governance Committee:

This committee will oversee our cybersecurity strategy, ensuring alignment with business objectives and regulatory standards.

2. Conduct Regular Risk Assessments:

Implement periodic risk assessments to identify vulnerabilities and enhance our security posture.

3. Develop an Incident Response Plan:

A comprehensive incident response plan will ensure prompt action in the event of a cyber incident.

4. Implement Security Awareness Training:

Regular training for all employees to recognize and respond to cybersecurity threats.

By adopting these measures, we can significantly improve our cybersecurity governance and better protect our organization against potential cyber threats.

I welcome the opportunity to discuss this proposal in detail and look forward to your feedback.

Sincerely,

[Your Name]
