Dear [Recipient's Name],

I hope this message finds you well. I am writing to inquire about the setup support services you offer for your financial software.

Our organization is in the process of selecting a financial software solution, and we are particularly interested in understanding the support available during the implementation phase. Specifically, we would appreciate information on the following:

- Types of setup support provided
- Timeframe for support availability
- Training options for our team
- Cost associated with setup support

We are eager to ensure a smooth transition and successful deployment of the software. Your assistance in this matter would be greatly appreciated.

Thank you for your time, and I look forward to your prompt response.
