Dear [Recipient Name],

I am writing to formally request the replacement of the windows in my residence located at [Your Address]. The current windows are not providing adequate insulation, which has led to significant temperature fluctuations and increased energy costs.

After researching various options, I believe that installing energy-efficient windows would greatly improve insulation and contribute to a more comfortable living environment. I kindly request your assistance in facilitating this window replacement at your earliest convenience.

Thank you for considering my request. I look forward to your prompt response.

Sincerely,  
[Your Name]
