

# Safe Solar Eclipse Viewing Instructions

Date: [Insert Date]

Dear [Recipient's Name],

As we approach the upcoming solar eclipse on [Insert Date], it is important to ensure that you and your loved ones have the proper guidelines for safe viewing. Please follow the instructions below:

## Viewing Guidelines

- Always use proper solar viewing glasses that meet the ISO 12312-2 international safety standard.
- Do not look directly at the sun without appropriate eye protection.
- Do not use regular sunglasses, binoculars, or telescopes without special solar filters.
- If you are using viewing equipment, ensure it is equipped with a solar filter.
- Consider using a pinhole projector or a solar viewer for indirect viewing of the eclipse.

## Additional Tips

- Check for cracks or scratches on solar glasses before use.
- Never look at the sun through a camera or smartphone without a solar filter.
- Encourage children to follow safety guidelines and supervise their viewing.

We hope you enjoy this rare and beautiful astronomical event safely. For any further questions, feel free to contact us.

Sincerely,

[Your Name]
