QR Code Scanning Instructions for Conference Visitors

Dear Conference Attendee,

We are excited to welcome you to our upcoming conference! To enhance your experience, please follow the step-by-step instructions below to scan the QR code provided:

Step 1: Prepare Your Device

Ensure that your smartphone or tablet is fully charged and has a camera.

Step 2: Enable Your Camera

Open the camera application on your device. If you are using an older device, you may need to download a QR code scanner app from your app store.

Step 3: Scan the QR Code

Point your camera towards the QR code. Make sure the code is centered in the viewfinder.

Step 4: Access the Link

Once scanned, a notification will appear with a link. Tap on this link to access the conference materials and schedule.

Step 5: Enjoy the Conference!

If you encounter any issues during this process, feel free to visit our help desk for assistance.

We look forward to seeing you at the conference!

Sincerely,

The Conference Team
