

Dear International Attendees,

We are excited to welcome you to our upcoming conference! To ensure a smooth travel experience, we would like to provide you with some essential customs tips:

1. Documentation

Ensure that you have a valid passport, visa (if required), and any necessary invitation letters.

2. Declare Items

Be prepared to declare any items you are bringing into the country, particularly electronics, gifts, or large amounts of currency.

3. Duty-Free Allowance

Familiarize yourself with the customs duty-free allowances, including limits on alcohol and tobacco products.

4. Prohibited Items

Research items that are prohibited or restricted in the country you are visiting to avoid complications at customs.

5. Keep Receipts

Keep receipts for valuable items, as they may be required at customs for declaration.

6. Language Assistance

If you are not fluent in the local language, consider carrying a translation app or phrasebook for easier communication at customs.

We hope these tips help make your travel experience enjoyable and stress-free. Safe travels!

Sincerely,

The Conference Organizing Team
