

# Important Customs Information for International Conference Visitors

Dear Esteemed Attendees,

Welcome to our upcoming international conference! To ensure a smooth arrival, please take note of the following customs regulations:

## 1. Customs Declarations

All visitors must declare items of value such as electronics, gifts, and any goods exceeding the duty-free allowance. Please prepare to fill out the customs declaration form upon arrival.

## 2. Prohibited Items

Items such as illegal drugs, weapons, and certain food products are strictly prohibited. Please leave these items behind to avoid complications.

## 3. Duty-Free Allowance

Most travelers are allowed to bring in personal goods up to a value of \$800. Check with your local customs regulations for specifics.

## 4. Currency Regulations

Declare amounts over \$10,000 in local or foreign currency upon your arrival to avoid penalties.

## 5. Special Considerations

If traveling with unusual items or large quantities of goods, please consult with your airline or the embassy before your visit.

We hope you find this information helpful and look forward to your participation! Safe travels!

Best regards,  
The Conference Organizing Committee
