

Contractor Risk Assessment

Client Name: [Client Name]

Project Location: [Project Location]

Date: [Date]

Project Overview

[Brief description of landscaping services to be provided.]

Identified Risks

- Injury from landscaping equipment
- Allergic reactions to plants
- Environmental hazards (e.g., pesticide use)
- Weather-related risks (heat exhaustion, rain)
- Slips, trips, and falls on site

Risk Mitigation Measures

- Provide safety training for all personnel.
- Use protective gear (gloves, masks, safety goggles).
- Implement a first aid protocol and provide first aid kits on site.
- Evaluate weather conditions daily and adjust schedules accordingly.
- Ensure all equipment is maintained and inspected regularly.
